Rules for grading:

- Participants need to prepare an analysis of <u>max.</u> 5 pages based on the topic "What would be my company´s first/next steps into Green Chemistry?"

- Participants will be invited to prepare a poster for a poster-session during module 3 (day 4) with the objective:
  o to present their project to the other participants,
  o to discuss their projects with interested participants and
  o to eventually find synergies for a joint project or other forms of collaboration.

- The analysis needs to be submitted 2 weeks before the 3rd module.

- In module 3 each participant will get a time-slot of 10' to discuss his/her analysis. This will also include content covered by modules 1 and 2.

- There will be three grades: passed with excellence / passed / attended the course.
